Summary

Computer Science and Engineering undergraduate at IIIT Manipur interested in Artificial Intelligence, Machine Learning, Data Science, and applied research. Experience building an anomaly detection dashboard using unsupervised learning and developing API-integrated web applications. Strong foundation in algorithms, discrete mathematics, and database systems, with an interest in data-driven problem-solving and research-oriented engineering.

Education

Indian Institute of Information Technology, Manipur — Imphal, Manipur
B.Tech in Computer Science and Engineering — *2024 – 2028*

CGPA: 8.60/10 **Coursework:** Data Structures and Algorithms, Operating Systems, DBMS, Discrete Mathematics, Theory of Computation

St. Lawrence Academy — Patna, Bihar
Senior Secondary (Class XII) – 85% — *2024*

St. Mary's Academy — Patna, Bihar
Secondary (Class X) – 97.4% (Best of Five); School Rank 1 — *2022*

Projects

SevaSetu AI – Anomaly Detection Dashboard — *AI 4 Seva Hackathon*

Python, Scikit-learn, Isolation Forest, Streamlit | Live Demo

- Developed a dashboard to identify anomalous welfare-scheme records using Isolation Forest, an unsupervised anomaly detection algorithm.
- Visualized anomaly scores and flagged records to support data exploration and investigation of potentially irregular entries.

Data Breach Finder — *Security-Focused Web Application*

JavaScript/Python, REST APIs, HTML, CSS | Live Demo

- Built a web application that checks submitted mobile numbers against breach information retrieved through an external API.
- Integrated API requests with the frontend to retrieve and present breach results, demonstrating data retrieval and security-focused development.

CAT Exam Preparation Tracker — *Web Application*

React, JavaScript

- Built a responsive dashboard for study targets, task completion, daily streaks, and progress tracking.

Library Management System — *Application*

Python, SQL/SQLite

- Developed an application to organize book records and support basic library operations through structured data storage.

Personal Portfolio Website — *Web Development*

HTML, CSS, JavaScript

- Designed a responsive website showcasing technical projects, programming skills, and academic achievements.

Technical Skills

Programming: Python, C, C++, JavaScript, SQL, HTML, CSS
Machine Learning: Scikit-learn, Isolation Forest, Unsupervised Learning, Anomaly Detection
Data Science: Pandas, NumPy, Data Analysis, Data Visualization
Web Development: React, REST API Integration, Responsive Design
Core CS: Data Structures and Algorithms, Operating Systems, DBMS, Discrete Mathematics, Theory of Computation
Tools & Practices: Git, GitHub, VS Code, Jupyter Notebook, SDLC, Agile Methodology

Leadership & Activities

General Secretary, Cultural Division — 2026 – Present
Student Gymkhana Council — *IIIT Manipur*

- Contribute to student governance, cultural event planning, logistics, coordination, and student engagement.

Achievements

School Rank 1: Class X, 97.4% (Best of Five) | **Abacus:** State-Level Runner-Up | **SIP Abacus:** Grandmaster Level completed
